Dearest Wanda (umm youra dandy)

We have not been running around together very long but in that time I have grown to love you as <sup>the</sup> sister that you are. Wanda, we may have agreement all the time, but we aren't ever really mad. (I hope). I will really miss you and Margaret when I go to California this summer. I hope you'll miss me too! Wanda probably in a couple of years will probably laugh at these animals but right now they mean all the world to us. Wanda I only wish you and M. W. M. could go to Calif. with me, we could have so much fun. Wanda, I am so happy for you and Reece. It is so funny, but me and M. don't ever get the hope that we want

and you always get things you  
want. I still can't exactly remember just  
how we started ~~to~~ running around with  
each other, but I glad however it was.  
I hope we stay sisters I II and III all  
through our lives. If you and Reese  
ever get married I wish you'd the luck  
and happiness in the world which I  
know you well have. I only wish  
I could have you home with me and

Margaret could have you home with  
I think you and M. are two <sup>of the</sup> dearest  
friends I have. I hope you always will  
be. Maudie, you are a sweet, unselfish,  
cute and thoughtful girl, but I think if  
you stay that way we will always be  
sisters. All the luck in the world!  
your sisters not

Dear Wanda,

It's been a real pleasure knowing you this year.

You are a darling girl with a cute personality. Best of luck  
or happiness always to a sweet girl.

Love always,

Betty Anderson

- Dear Wanda -

You are a real cute and sweet girl, with  
a darling personality. Always stay sweet and full  
of joy. Good luck in the future years.

Always,

Mama Brown

Dear Wanda,

Se. "55"

I want to wish you success and  
happiness in the coming years and may you have  
as much fun in your senior year as I did.

May that senior year  
be like the one you  
deserve '55

HOWDY! I'm Wfsh! The annual class has me all wound up to guide you through the pages of the Machine Age Coyote. So, put it in *high-gear* and let's go!

Dearest Manda —

Don, you're about the sweetest girl I know and I think a lot of you. I hope that we will always remain the best of friends because you are a good and sincere friend of mine. I love ya —

# the machine age

Senior High School, Wichita Falls' finest assembly line of education, is drawing near to the end of another successful year of mass-production. Soon it will send out into our industrial world some five hundred highly polished graduates, who have completed their basic education in what we call the Machine Age.

So many of us take for granted the miracles of modern machinery that their appreciation is often overlooked. Because machines are essential in this era and because the Coyote staff wishes to recognize their importance, the theme of our 1955 yearbook is entitled, "The Machine Age."

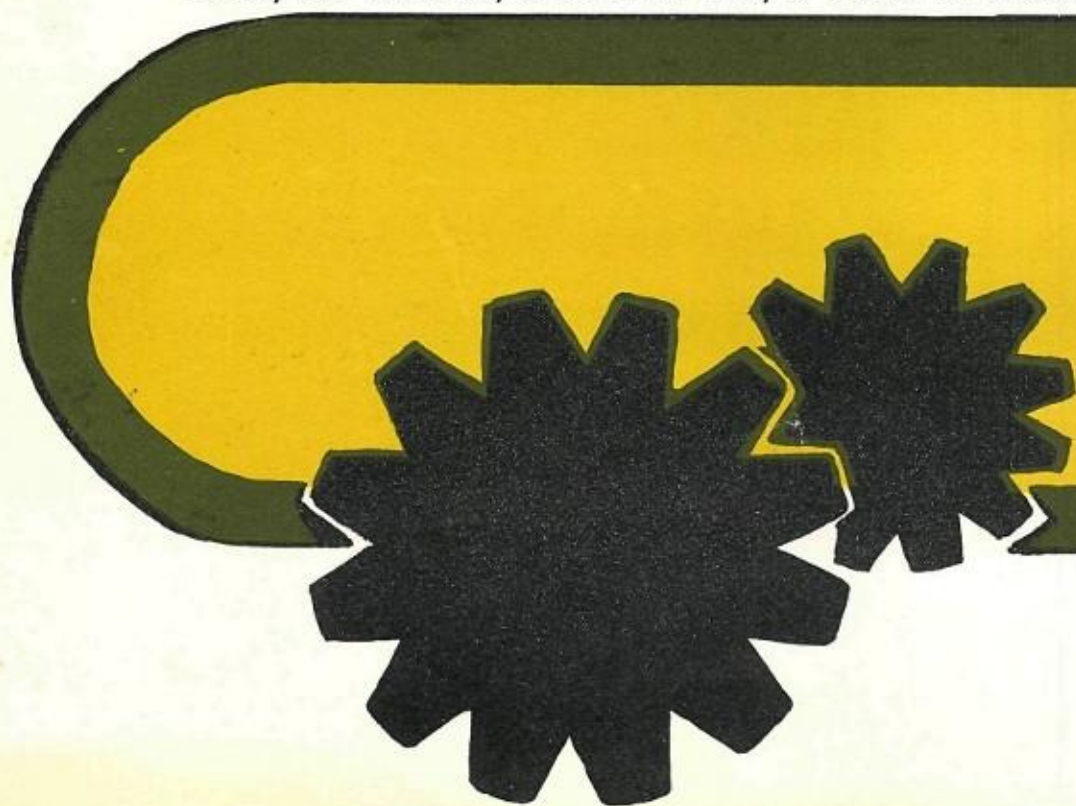

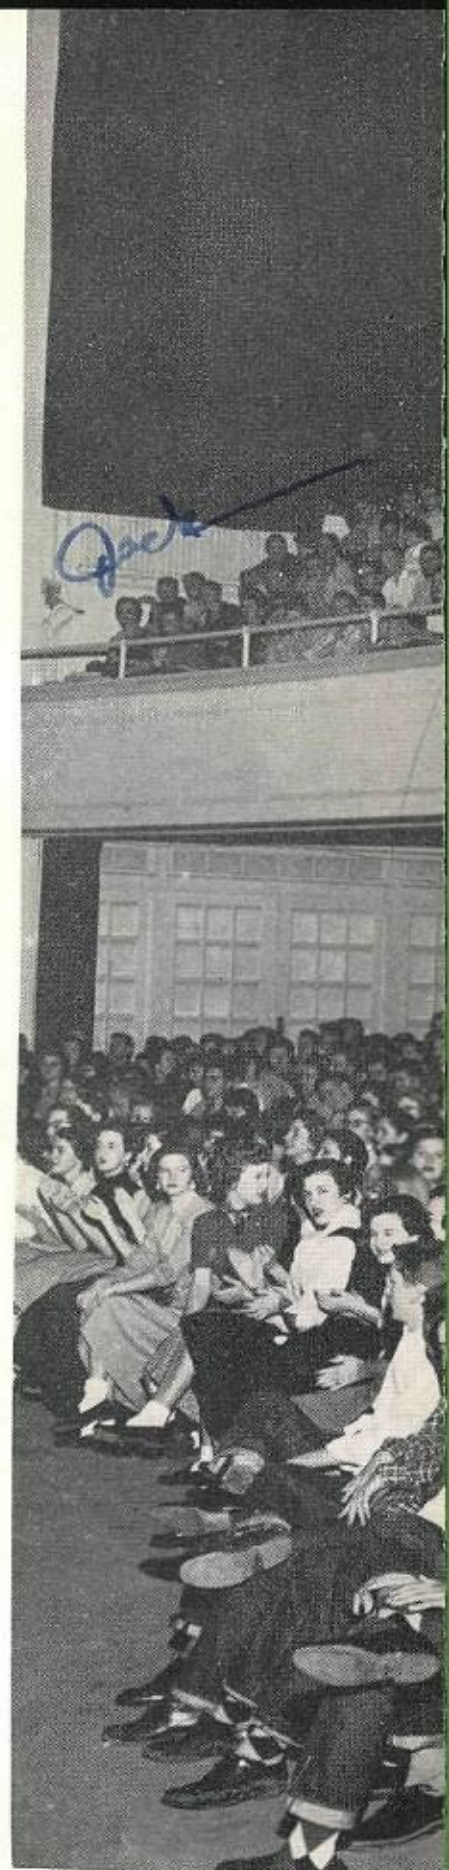

There are many machines in this, our time. Everywhere we see them; everywhere we hear them. They are in our homes, our schools, our churches. Machines are in our streets, they fly over our heads, and they go underground. A country can become paralyzed if its machinery does not work. Can you imagine yourself living in a world without electrically run equipment and machines, without radios, telephones, television, and the million and one other things which we are accustomed to—things which we take for granted? Do you realize how wonderful an age we live in? Do you realize how much more we have, how much more comfortable we are than people used to be?

Literally, the word *machine* means an apparatus consisting of inter-related parts with separate functions, which is used in the performance of some kind of work.

Our school is in itself a machine. Within WFSH, there are many parts with separate functions which perform some kind of work. These consist of cogs, bolts, wheels, spokes, and even a few nuts. We consider the administrators our spokes, since they are the strength of the wheels and make it possible for them to turn. The faculty are the wheels which turn us toward a promising future. We, the students, are all the cogs, bolts, and nuts which go into making a mechanical device complete. Without all these parts working together, our machine, WFSH, would not be able to function.

However, the most wonderful machine of all is the human being—the boy, the girl, the man, the woman. Created by God, it stands unsurpassed by any invention of man. Someone's human body, someone's human mind, someone's dream has been responsible for all the useful inventions which have been passed down to us. People must be educated and skilled in many ways in order to handle all these amazing mechanical tools. The work for the human being does not stop. It goes on and on and on, and there is a place for everyone.

Therefore, we have chosen as our theme for 1955, "The Machine Age." We hope that you, the students of Wichita Falls Senior High School, will catch a bit of reason in the theme. We hope that you will go forth through the coming years with your heads high, remembering that you are not a man-made mechanical device but that you are the dreamer, the artist, the inventor, a child of God, a maker of machines.

To the students, the major and essential part of the great machine of Wichita Falls Senior High, the 1955 class dedicates this Coyote.

Among our students are the future leaders of America and of the world. Not only in the field of politics will we excel but also in the fields of science, literature, art, mathematics, engineering, teaching, drama, music and other occupations will we be leaders. Let us remember in the coming years of sorrow and happiness, laughter and tears, successes and failures, to be proud that we were once a part of the great machine of WFSH.

Mrs. Lee Womack, a substitute teacher, chats with Miss Bolin as they check their time before leaving school.

Refreshments prepared by the cooking classes were provided for the annual Christmas party for the teachers as they relaxed in the dining room during their free periods.

The new members of the staff were introduced when the faculty held its first social event, a reception in the home of Mr. and Mrs. O. T. Freeman.

## faculty activities

A tour of the various industries, sponsored by the business men of the city, was a pleasant activity for the faculty on Business-Education Day; next year on Business-Education Day the business men will visit the classrooms.

Miss Dorothy Hudgins, who joined the staff at mid-term, has taken the place of Mrs. C. R. Graham in the Home Economics Department. Mrs. Graham is now teaching in Dallas.

## scholastic standing

During this school year approximately eighteen hundred students of WFSH have learned the mechanics of the various subjects offered for their education.

The use of fundamental skills which are presented by the Department of English provides the tools with which students prepare for college and business. Four years of English are required for graduation. In addition to this important responsibility, this department sponsors *The Coyote News* and *The Coyote*, the latter in collaboration with the Art Department.

The Department of Social Studies helps the student to acquire a better understanding of the social, economic and political aspects of the world and to develop a more intelligent approach to the future.

This year a new course, advanced arithmetic, has been added by the Department of Mathematics. The higher mathematical courses are important to students entering the fields of technology. Two years of mathematics are required for a diploma from WFSH.

The foreign languages, which comprise the Department of Language, are Spanish and Latin. The Spanish courses provide the student not only with a knowledge of the language and customs of the Latin-American peoples but also with a better understanding of their cultures. The study of Latin complements the work in English and prepares the students for further study needed in essential professions. A knowledge of Roman culture and mythology is acquired by taking Latin. These courses are often required for college entrance.

Included in the Department of Science are biology, chemistry and physics. These provide an excellent study of the material kingdoms of the earth. A knowledge of science is important for college preparation and for the practical use of the student.

Painting and drawing, clay modeling, design and crafts are among the many skills taught in the Department of Art. Art students win many scholastic awards in regional and state contests in their individual fields.

The harmony taught in the Department of Music increases the scholastic standing of WFSH. The choral groups—a cappella choir, mixed chorus, ROTC chorus and organiza-

tions within each of these—bring special performances for the student group, clubs and civic organizations. The two bands, Coyote and Sophomore, present entertainment in pep rallies, during half-time at football games and in annual concerts. The newly-organized orchestra has performed at plays, the State Fair and City Teachers meeting.

Various courses, other than debate, dramatics and platform speaking, are offered in the Department of Speech. The National Thespian Society's plays are prepared for the students and civic organizations. All this work prepares young men and women for careers in public speaking and gives them a basic understanding and knowledge of better speech. Also included in this department is the course which adds spice to the dramatic productions and social activities of the school, the stagecraft class.

Among the most profitable of the elective courses is the practical training of classes in the Commercial Department. This department offers business courses, part-time training courses, shop and mechanical drawing work. Such efforts provide a background for further study and often actual work. The part-time training prepares students through classroom study and actual experience in their selected occupations. Shop and mechanical drawing provide training for those interested in a hobby or a vocation after graduation.

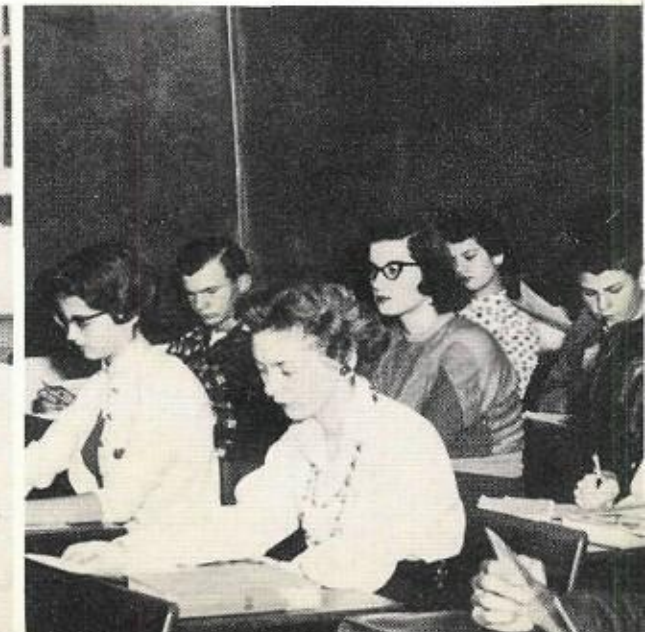

The homemaker of the future is trained in the Department of Home Economics where each young woman gains skill in making clothing and in preparing foods.

The Reserve Officers' Training Corps teaches young men the value of discipline and teamwork as well as a knowledge of military skills.

Students attain driving ability in addition to knowledge of rules and sound attitudes toward driving in Safety Education Driver Training.

The programs of activities of the Department of Physical Education for boys and girls are valuable in stressing the importance of a sound body, teamwork and the enjoyment obtained through physical exercises.

The variety of courses directed by a splendid faculty is the reason for the high scholastic rating of WFSH in many fields.

Dear Standa,

It has been great  
being friends with  
such a darling girl.

You have a vigorous  
personality and a  
sense of humor  
that won't stop.  
Gally - I'll miss  
your smiling face  
next year, but I'll  
never forget it. I want  
you to always reme-  
mber me and the good  
times we had together.  
I know you'll really  
tear up St. F. S. H. next  
year.

Lots & lots of luck to  
you. I know that  
you'll always get all  
you can out of life.  
You are always so  
cheerful and sincere in  
every way. Standa, I  
just love you for all  
these and other things.  
All my love,

machine age

Senior class of  
'57!

Dear Wanda,

It certainly has been wonderful being in some of your classes this year. I have really enjoyed running around with you this year. I hope that we can be friends always. I, also, want to thank you for the many things you have done for me, and maybe someday I can repay you for all those wonderful things. It has been wonderful being in Rainbow with you too. Especially the slumber parties, ain't they been fun! I hope there are as many good times ahead as there are behind for both of us. May God bless you and bring you love, luck, happiness,

King romps against F. W. Poly as Allred clears the way.

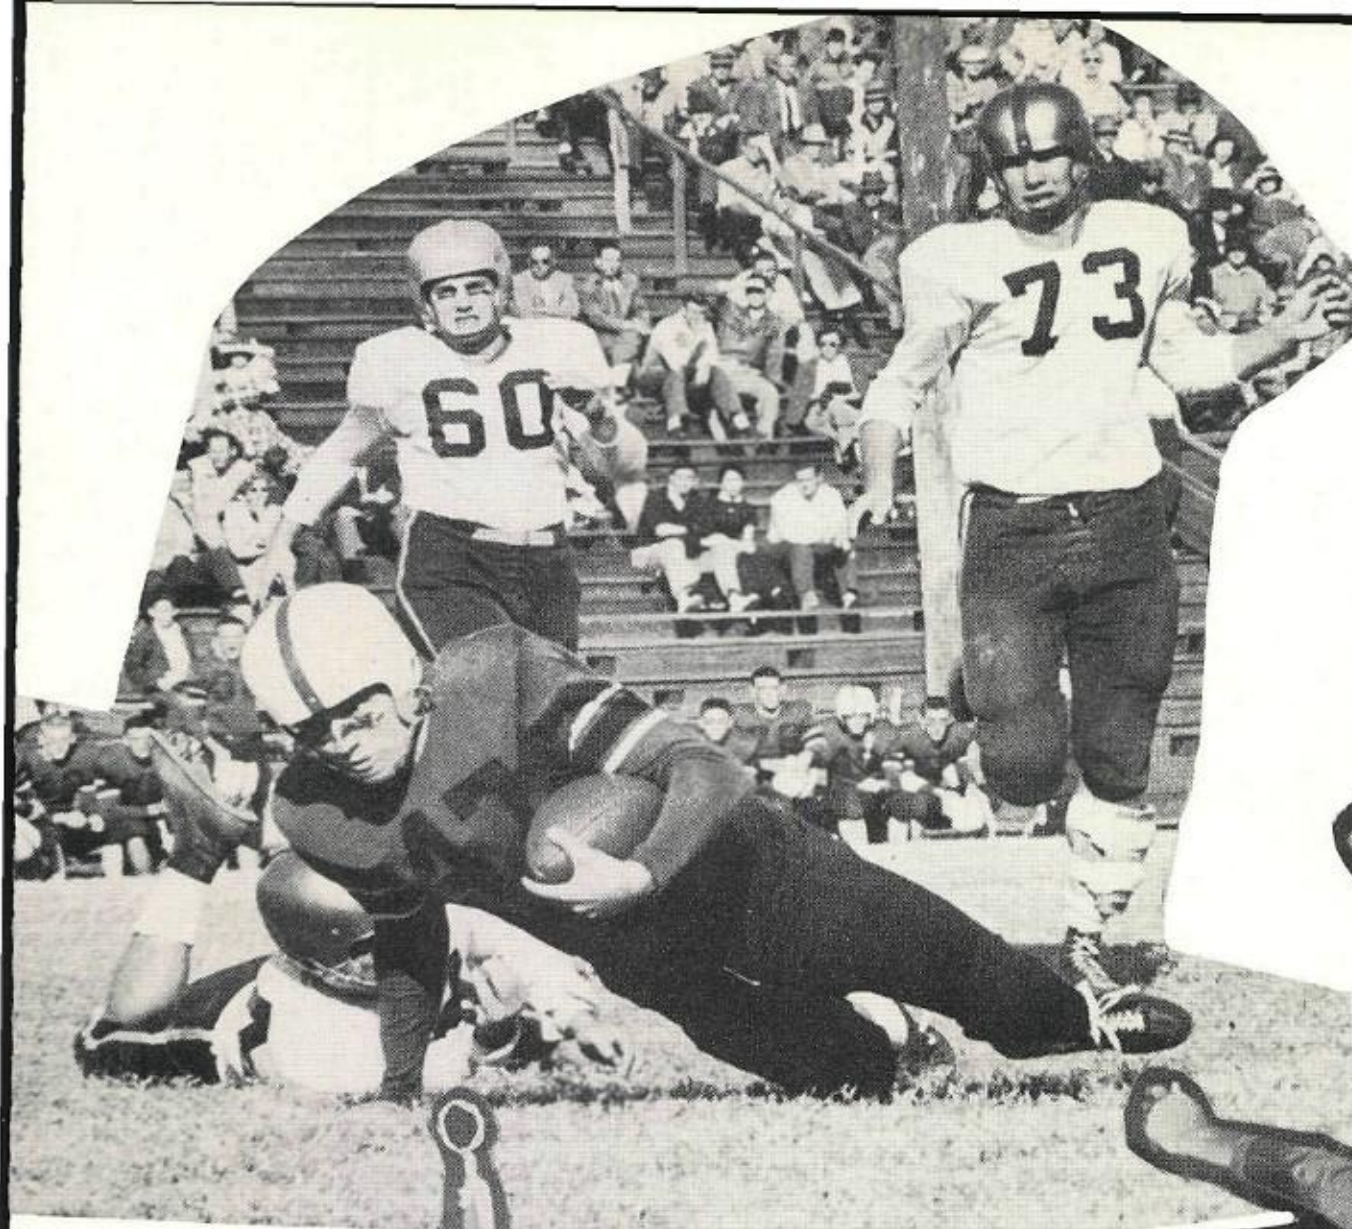

Allred and Grantom bring down Breckenridge's Jake Sandefer after a short gain.

Coyotes make vain attempt to block Tyler's game-winning extra point.

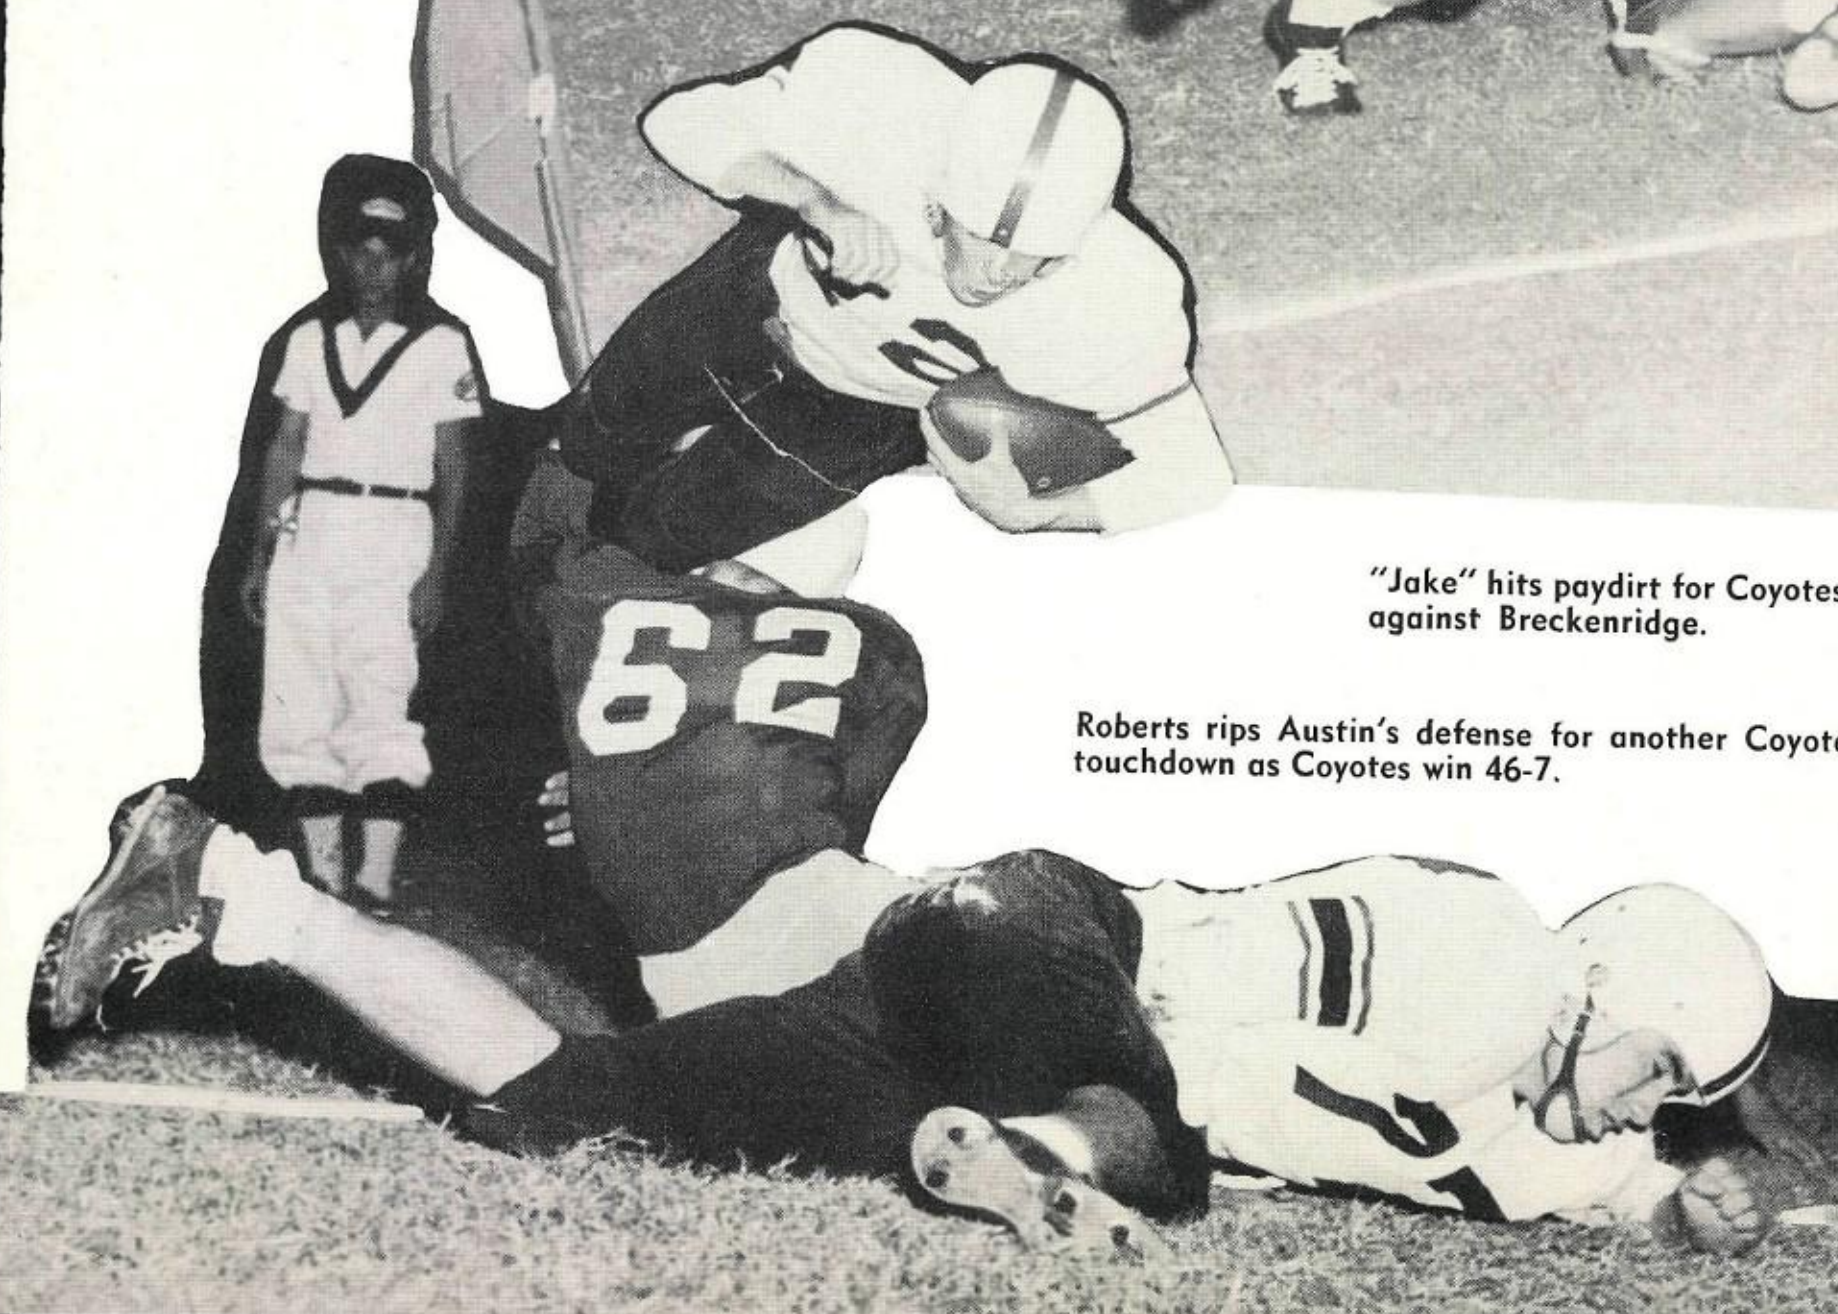

Franklin and crew defeats  
Scotties 19-0.

"Jake" hits paydirt for Coyotes  
against Breckenridge.

Roberts rips Austin's defense for another Coyote  
touchdown as Coyotes win 46-7.

In the three years that Chuck Avera has been the tennis coach at WFSH, our standing in the tennis field has shown remarkable improvement. He has taken three teams to state, and WFSH tennis teams have swept the district for the last two years. The interscholastic players and tournament players are chosen on the basis of the challenge ladder, which is in the tennis office. The team has entered tournaments at Midland, Odessa, and its own Wichita Falls Invitation Tournament. In addition players have entered dual matches with Lawton, Highland Park and Shawnee, Oklahoma.

## the coyote band

The Coyote band, one of the most colorful organizations in WFSH, has had an outstanding year in marching, sightreading and concerts, in which it received a first divisional rating. In performing at all home games, as well as in games at Waco, Highland Park and Duncan, the band has represented WFSH well. Through Variety Plus, the annual talent show, and the spring concert in April the band has pleased local audiences. The school is indebted to Mr. Donald L. Hatch, the director responsible for this fine record.

## THE SOPHOMORE BAND

The sophomore band, directed by Mr. Dale A. Brubaker, provided the band member with lasting knowledge and skill which leads to the appreciation of the musical arts and coveted positions in the Coyote band.

## THE STRING DEPARTMENT

The string department, also directed by Mr. Brubaker, was renewed last year for the first time since 194 and includes thirty-five members from WFSH, Zundelowitz and Reagan Junior High Schools. Two of the members from WFSH are also members of the Wichita Falls Symphony Orchestra. Some important engagements throughout the year were concert at the State Fair in Dallas, performance at the Thespian play "Belles on Their Toes" and a program for the City teachers meeting. The string department helps its members to obtain experience through group performances.

## In Appreciation

The editors of the 1955 Coyote wish to express sincere appreciation to each person who has in any way contributed to the production of this annual. Each contribution, no matter how small, has helped to make the whole book possible; and lacking any small part, the yearbook could not have been a complete record of the year. We, the members of the Coyote Staff, have prepared this book for each student in the hope that he will prize it as a souvenir of this year in WFSH.

As the crane slowly lowers away, we say goodbye to Wfsh, our teachers and classmates. May the following pages, filled with autographs, bring you pleasant memories in the years to come,

Wanda,  
I have really enjoyed knowing you. Believe me it's been a privilege to know you. Stay as sweet as you are and you will go far in life.  
Love,  
Dumpy

Dear Wanda,

I have known you for twelve wonderful years and I love you more each day. You know and I knew that we couldn't live without each other. We have had many arguments but we were never really mad. I want everyone to know that you are like a sister to me. I would do anything for you and I know you feel the same about me. We sure have had fun this year haven't we. (You steady, you). How does it feel to be going steady with Beece Fields. Remember all the times we were in trouble together. Those were the good old days (but not as good as these). We never do agree on anything but somehow you are always right except when I get a feeling in the back of my neck. I think you are the only one who knows what I am talking about. Any time you need me holler but of course you will. I have never met anyone who likes to have as much fun as you do and I guess that is why I love you so much. My little "Don't care" sister. I am getting writers cramp but you know how I feel about you.

Love ya loads

I sure think the world of you — Be sweet  
and remember anything you do, do it with  
all your heart — You'll succeed — But I really  
should tell the truth — so here it is — (knuckle knock)  
I think if you had one brain in your head  
you'd probably take it out and play with it.

Love to a real, real sweet person —

Dear Wanda,

I haven't known you very long but I think  
you are one of the sweetest girls I know I'm  
sure you will succeed in every thing you try.

Wanda,

To me you are  
wonderful. You should  
know by now I think the  
World of you.

Love Always  
Jo Lynn

Wanda,  
Best of luck  
to a real sweet  
kid.
